Beyond Basics: Modern Diagnostic & Therapeutic Techniques in Equine Dentistry

Fri 20 – Sat 21 March

Dierenkliniek Equinox, near Antwerp, Belgium

Fri 11 – Sat 12 December

Pferdeklīnik Pasterk Ebreichsdorf, Vienna, Austria

Over the past two decades, equine dentistry has advanced rapidly with innovative diagnostic and therapeutic techniques focused on prevention and tooth preservation. This 2-day workshop is designed for veterinarians who want to expand both their knowledge and hands-on skills in dentistry.

You'll Gain:

- Practical training in oral examination, dental radiography, motorised rasping & periodontal therapies
- Confidence performing local anaesthesia and simple extraction techniques for incisors, canines & cheek teeth
- Strategies for managing overgrowths, fractures, caries & periodontal disease

Rob Pascoe BVSc, F/NCED, Dipl.AVDC(Eq), FRCVS – Equine Dentistry Referrals Ltd, UK

Elke Pollaris MSc, PhD, Dipl.EVDC(Eq) – Morette Equine Care Clinic, Belgium

Alexis Leps DVM, Dipl.EVDC(Eq) – Lepsvetdent, France

Oral Dental Extraction Techniques

Fri 27 – Sat 28 February

Tiergesundheitszentrum Braun in Lahr, Germany

Fri 20 – Sat 21 November

Mälaren Hästklinik, Stockholm, Sweden

For veterinarians with a good working knowledge of equine dentistry, strengthen your clinical reasoning and practical skills in oral dental extractions through this immersive 2-day boutique (max. 24 vets) course with internationally renowned specialists.

You'll Gain:

- Practical skills and confidence in applying incisor, canine, and cheek tooth extraction techniques in clinical practice
- Hands-on experience in oral endoscopy, radiographic techniques, and local anaesthesia (incl. TMJ)
- Strategies to manage complications such as dental fractures & retained root tips

Rob Pascoe BVSc, F/NCED, Dipl.AVDC(Eq), FRCVS – Equine Dentistry Referrals Ltd, UK

Elke Pollaris MSc, PhD, Dipl.EVDC(Eq) – Morette Equine Care Clinic, Belgium

Alexis Leps DVM, Dipl.EVDC(Eq) – Lepsvetdent, France

Introduction to Advanced Surgical Dental Extraction Techniques (incl. MITR, MTE & Segmentation)

Sat 25 - Sun 26 April

Hevosklinikka Equivet Oy, Helsinki, Finland

Fri 16 – Sat 17 October

Pferdeklīnik Salzhofen, near Stuttgart, Germany

This boutique course (max. 18 vets) is designed for advanced practitioners and surgeons with experience in equine dental extractions who want to develop their surgical skills further. Led by internationally renowned specialists, it provides a comprehensive overview of modern minimally invasive techniques, including trephination & repulsion (MITR), transbuccal extraction (MTE) and dental segmentation.

You'll Gain:

- Hands-on practice with trephination & repulsion (MITR), transbuccal extraction (MTE) and dental segmentation on equine specimens
- Refined surgical anatomy knowledge of the head, sinuses & facial structures
- Tips, tricks & pearls of wisdom from leading equine dental surgeons

Hubert Simhofer Dr.med.vet., Dipl.AVDC(Eq), Dipl.EVDC(Eq) – Equine Vets GmbH, Austria

Elke Pollaris MSc, PhD, Dipl.EVDC(Eq) – Morette Equine Care Clinic, Belgium

Alexis Leps DVM, Dipl.EVDC(Eq) – Lepsvetdent, France

Practical Cardiology for Equine Practitioners

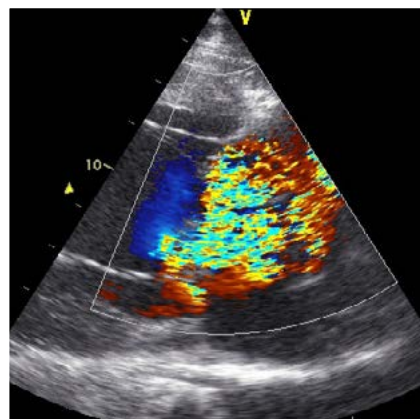

Fri 8 – Sat 9 May
Fri 16 – Sat 17 October

Pferdegessundheit Rhein Main, Frankfurt, Germany
Equi Vet Serwis, Poznań, Poland

Gain confidence in recognising and managing equine cardiac conditions. Strengthen your diagnostic reasoning and practical cardiology skills in this hands-on 2-day course.

You'll Gain:

- A systematic approach to auscultation, murmurs & arrhythmias
- Practical skills in echocardiography and ECG acquisition/interpretation
- Confidence assessing cardiac findings in poor performance & pre-purchase exams
- Insight into the clinical impact of arrhythmias, regurgitations & other cardiac abnormalities

Virginia Reef BA, DVM, Dipl.ACVM, Dipl.ACVMR, Cardiology, h.c. (Ghent University) – University of Pennsylvania, USA
Gunther van Loon DVM, PhD, Dipl.ECEIM, Assoc.Member ECVDI – Ghent University, Belgium
Feter Woort DVM, DVSc, Dipl.ACVM, Dipl.ECVSMR – Equine Sports Medicine Practice, Belgium
Annelies Decloedt DVM, PhD – Ghent University, Belgium
Charlotte Hopster-Iversen Med.Vet, PhD, Dipl.ECEIM – University of Copenhagen, Denmark

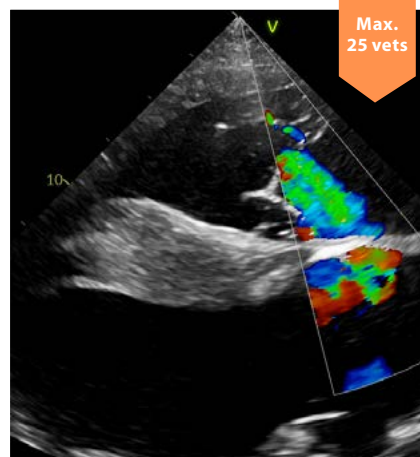

Advanced Cardiology

Tue 20 – Wed 21 October Tierklinik Leimental, Basel, Switzerland

Take your equine cardiology skills to the next level with world-leading cardiologists. Deepen your expertise in advanced diagnostic techniques and clinical decision-making through this exclusive 2-day boutique course (max. 25 vets).

You'll Gain:

- Confidence in advanced echocardiographic assessment & myocardial function
- Practical skills in exercising ECG acquisition & interpretation
- Expertise in tissue Doppler imaging & speckle tracking
- A refined approach to arrhythmia diagnosis & management
- Clinical insight into prepurchase evaluations, correct heart function & complex cardiac disease

Virginia Reef BA, DVM, Dipl.ACVM, Dipl.ACVMR, Cardiology, h.c. (Ghent University) – University of Pennsylvania, USA
Gunther van Loon DVM, PhD, Dipl.ECEIM, Assoc.Member ECVDI – Ghent University, Belgium
Feter Woort DVM, DVSc, Dipl.ACVM, Dipl.ECVSMR – Equine Sports Medicine Practice, Belgium
Annelies Decloedt DVM, PhD – Ghent University, Belgium
Charlotte Hopster-Iversen Med.Vet, PhD, Dipl.ECEIM – University of Copenhagen, Denmark

Endoscopic Procedures Workshop: Gastrointestinal & Respiratory Conditions

Fri 27 – Sat 28 November Pferdeklinik am Kirchberg GmbH, Munich, Germany

Gain confidence in performing routine diagnostic/therapeutic endoscopic procedures across the respiratory, gastrointestinal and urogenital tracts and sinuses. Strengthen both your clinical reasoning and hands-on skills during this highly practical 2-day course.

You'll Gain:

- Practical skills in upper & lower respiratory tract endoscopy (incl. TW & BAL and overground endoscopy)
- Experience in performing gastroscopy
- A structured approach to endoscopy of sinuses and the urogenital tract.
- Tips and tricks from leading international specialists

Patrick Pollock BVMS, PhD, CertES(Soft Tissue), Dipl.ECVS, FHEA, FRCVS – University of Glasgow, UK
David Sutton MA, VetMB, PhD, CertEM(IntMed), Dipl.ECEIM, MRCVS – University of Glasgow, UK
Evanthia Kolovou DVM, CertAVP, MRCVS – Glasgow Equine Hospital And Practice, UK

Practical Ophthalmology

Fri 6 – Sat 7 February
Fri 4 – Sat 5 December

Stephansmühle Medizinisches Pferdezentrum, Nuremberg, Germany
Equi Vet Serwis, Poznań, Poland

Build confidence in tackling one of the most frequently encountered challenges in equine practice. Develop your clinical reasoning and practical techniques in ophthalmology through this hands-on 2-day course led by highly respected ophthalmologists.

You'll Gain:

- A systematic approach to confidently examining the equine eye
- Practical skills in ocular ultrasound, nerve blocks & basic surgical techniques
- Deeper insight into common conditions, including corneal ulcers, uveitis & glaucoma
- Confidence in assessing ophthalmic findings during pre-purchase and clinical examinations

Stephanie Bell, DVM, Dipl.ACVO - Hagyards Equine Medical Institute, USA

Advanced Ophthalmology

Tue 10 – Wed 11 February **Mälaren Hästklinik, Stockholm, Sweden**

For veterinarians looking to advance their ophthalmology knowledge and skillset under the expert guidance of highly respected ophthalmologists, this workshop will cover both established and recently developed cutting-edge diagnostic and therapeutic techniques.

You'll Gain:

- Up-to-date knowledge on corneal healing, uveitis, ocular neoplasia & posterior ocular disease
- Practical training in ocular ultrasound, surgical procedures & emergency techniques
- Experience examining live cases with expert guidance and input
- Confidence in managing ophthalmic cases and working through challenging scenarios with specialists

Stephanie Bell, DVM, Dipl.ACVO - Hagyards Equine Medical Institute, USA

Equine Head Trauma/Conditions & Sinus Access – A Practitioner's Approach

Fri 25 – Sat 26 September **Hanseklīnik für Pferde, Hamburg, Germany**

Manage head trauma and complex facial conditions in practice, with confidence. Build practical skills in diagnosis, triage, and treatment in this hands-on 2-day workshop designed for first opinion veterinarians.

You'll Gain:

- A structured approach to triaging head trauma and facial/jaw fractures
- Hands-on experience with head radiography, ultrasound, sinoscopy, and endoscopy
- Practical techniques for stabilizing and repairing mandibular and maxillary fractures
- Insight into management of oral/tongue lacerations, nasofrontal suture periostitis, and foreign body removal

Tim Barnett BSc(Hons), BVM&S, MSc, CertAVP, Dipl.ECVS, Dipl.EVDC(Eq), MRCVS – Rossdale Equine Hospital, UK
Kathrin Mählmann Dr. med. vet., Dipl.ECVS, Fachtierärztin für Pferdechirurgie – Freie Universität Berlin, Germany
Matthias Jehle Dr.Med.Vet – Zahnstation Tierklinik Gessertshausen, Germany

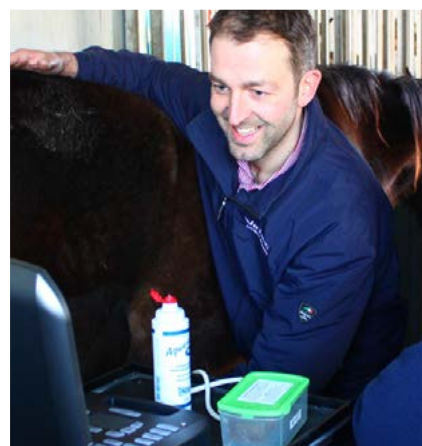

Beyond Basics: Practical Advanced Medical Ultrasound

Fri 4 – Sat 5 December Tiergesundheitszentrum Braun in Lahr, Germany

Expand your diagnostic toolkit with this highly practical 1½-day course in equine medical ultrasound. Refine your scanning technique and clinical confidence across key regions through expert-led lectures and extensive hands-on training.

You'll Gain:

- Practical skills in abdominal, thoracic, ocular & soft tissue (head/neck) ultrasound
- Confidence performing colic FLASH & comprehensive abdominal examinations
- Insight into common pitfalls & how to avoid diagnostic errors
- The ability to apply ultrasound findings directly to clinical decision-making

Gunther van Loon DVM, PhD, Dipl.ECEIM, Assoc.Member ECVI – Ghent University, Belgium

Vikki Scott BVetMed, MSc, Dipl.ACVM, MRCVS – University of Glasgow, UK

Ultrasound of the Mid-Distal Limb & Stifle for Equine Practitioners

Fri 2 – Sat 3 October Stephansmühle Medizinisches Pferdezentrum, Nuremberg, Germany

Master equine musculoskeletal ultrasound and elevate your clinical decision-making. This intensive 2-day workshop combines focused lectures with hands-on practical sessions to help you confidently diagnose and manage conditions of the mid and distal limbs, including the stifle.

You'll Gain:

- Tools to optimise your ultrasound machine for accurate diagnosis
- Practical skills scanning the mid and distal limb, tendons, ligaments, and stifle
- A deeper understanding of ultrasonographic anatomy and pathology
- Confidence performing detailed musculoskeletal assessments on live horses in small-group sessions

Andy Fiske-Jackson BVSc, MVetMed, FHEA, Dipl.ECVS, MRCVS – Royal Veterinary College, UK

Carolyn Gerdes MedVet(Hanover), Dipl.ACVMR – Pferdeklinik Hochmoor, Germany

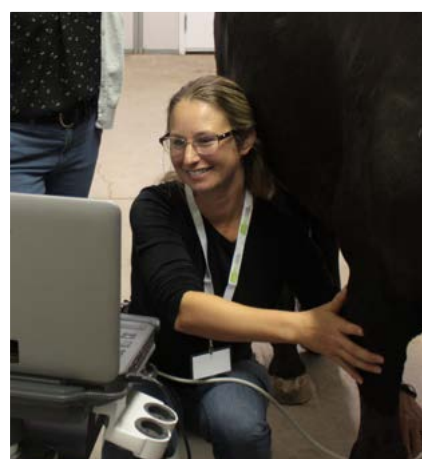

Joint & Tendon Sheath Ultrasound and Therapies Skills Workshop

Fri 15 – 16 Sat May Equi Vet Serwis, Poznań, Poland

Master ultrasonographic evaluation of every major joint and tendon sheath in the equine limb with this highly practical 2-day workshop. Learn from a panel of international specialists and consolidate your skills through extensive hands-on training in small groups.

You'll Gain:

- A complete, region-by-region approach to front- and hindlimb ultrasonography
- Practical experience scanning all major joints and tendon sheaths on live horses
- Tips on image optimisation and avoiding common diagnostic errors
- Confidence in interpreting findings and applying them in clinical practice

Roger Smith MA, VetMB, PhD, DEO, FHEA, Dipl.ECVSMR, Dipl.ECVS, ECVI Assoc., FRCVS – Royal Veterinary College, UK

Carolyn Gerdes MedVet(Hanover), Dipl.ACVMR – Pferdeklinik Hochmoor, Germany

SIGNATURE VETPD WORKSHOP

Ultrasound-Guided Orthopaedic Injection Techniques & Therapies

Fri 13 – Sat 14 March EMPET Romerike Hesteklinikk, Oslo, Norway
Fri 25 – Sat 26 September Lingehoeve Diergeneeskunde Lienden, The Netherlands
Fri 27 – Sat 28 November University of Pisa - Department of Veterinary Sciences, Pisa, Italy

Advance your diagnostic and therapeutic skillset with a workshop designed to sharpen both precision and confidence. Over two intensive days, you'll combine targeted lectures with extensive hands-on training under expert supervision, building the skills to perform ultrasound-guided injections across the musculoskeletal system.

You'll Gain:

- Competence in ultrasound-guided sacroiliac, back, hip, shoulder, elbow and cervical facet joint injections
- Experience in ultrasound-guided tendon, ligament and intrathecal injections
- Focused practice on equine specimens and innovative VetPD simulators
- A critical overview of conventional & biologic treatment options

Roger Smith MA, VetMB, PhD, DEO, FHEA, Dipl.ECVSMR, Dipl.ECVS, ECVDI Assoc., FRCVS – Royal Veterinary College, UK

Henk van der Veen DVM, Cert.ISELP – Lingehoeve Diergeneeskunde, The Netherlands

David Stack MVB, MSc, DVMS, FHEA, Dipl.ECVS, MRCVS – University of Liverpool, UK

Orthopaedic Radiography & Comparative Imaging for Advanced Practitioners

Fri 6 – Sat 7 November Pferdegesundheits Rhein Main, Frankfurt, Germany

Take your diagnostic imaging to the next level with this advanced 2-day workshop. Through case-based discussions and live-horse practicals, you'll refine your radiographic and ultrasonographic techniques and learn how to integrate advanced modalities (MRI & CT) to enhance your diagnostic & therapeutic approaches.

You'll Gain:

- Practical tips to further improve radiographic & ultrasonographic diagnostic quality
- Insights into avoiding pitfalls and misinterpretations
- Experience applying comparative imaging in prepurchase and clinical settings
- Confidence to integrate advanced imaging into your workups and ongoing case management

Jonathon Dixon BVetMed, MVetMed, Dipl.ECVDI, MRCVS – Rainbow Equine Hospital, UK

Annamaria Nagy PhD, Dipl.ACVMR, Dipl.ECVSMR – University of Veterinary Medicine Budapest, Hungary

NEW FOR 2026!

Poor Performance Diagnostic Skills Workshop – Orthopaedic & Respiratory Conditions

Fri 24 – Sat 25 April Tiergesundheitszentrum Isernhagen, Hannover, Germany

Stop guessing and start diagnosing with confidence! This immersive 2-day workshop gives you the practical toolkit to identify why horses underperform, from subtle and multilimb orthopaedic issues to cardiorespiratory problems.

You'll Gain:

- Confidence in diagnosing complex performance cases
- Tools to systematically investigate both orthopaedic and cardiorespiratory causes of poor performance
- Practical skills in clinical exercise testing, static and dynamic endoscopy, and ridden horse evaluation
- Hands-on experience with objective gait analysis, saddle fit assessment, ultrasonography incl. ultrasound-guided injections, and radiography

Andy Fiske-Jackson BVSc, MVetMed, FHEA, Dipl.ECVS, MRCVS – Royal Veterinary College, UK

Feter Woort DVM, DVSc, Dipl.ACVMR, Dipl.ECVSMR – Equine Sports Medicine Practice, Belgium

Annamaria Nagy PhD, Dipl.ACVMR, Dipl.ECVSMR – University of Veterinary Medicine Budapest, Hungary

Hindlimb Lameness Diagnostics & Therapeutics Workshop

Fri 9 – Sat 10 October

Tiergesundheitszentrum Isernhagen, Hannover, Germany

Advance your approach to one of the most challenging diagnostic challenges of equine practice – hindlimb lameness. This case-based and highly practical 2-day workshop is designed to take your confidence in lameness and poor performance evaluation to the next level.

You'll Gain:

- Hands-on experience with subjective & objective gait analysis
- Strategies for interpreting diagnostic anaesthesia and block results
- Insights into hip, pelvic & sacroiliac problems as causes of lameness
- Practical skills in hindlimb ultrasound, nerve & joint blocks, and therapeutic decision-making

Roger Smith MA, VetMB, PhD, FHEA, DEO, Dipl.ECVS, Dipl.ECVSMR, ECVDIAssoc., FRCVS – Royal Veterinary College, UK

Fran James MA, VetMB, Dipl.ACVS, Dipl.ACVSMR, Dipl.ECVS, MRCVS – Newmarket Equine Hospital, UK

New Developments in Diagnostic & Therapeutic Techniques of Equine Neck Conditions

Fri 27 – Sat 28 February

Veterinární Klinika Heřmanův Městec, Pardubice, Czech Republic

This 2-day workshop was designed to provide equine veterinarians with the knowledge and practical skillset to approach neurological investigation with confidence, from ataxia to head shaking.

You'll Gain:

- Tools to confidently differentiate ataxia from front- and hindlimb lameness
- Practical diagnostic skills in neurologic examination, diagnostic imaging of the head & neck and cervical facet joint injections
- Techniques to investigate and manage headshaking, vestibular disease, and other neurologic conditions
- Confidence in diagnosing and treating complex neurologic cases in your own practice

Monica Aleman DVM, PhD, Dipl.ACVM – UC Davis, USA

Jonathan Anderson BVM&S, Dipl.ACVS, MRCVS – Rainbow Equine Hospital, UK

NEW PROGRAM!

Advances in Equine Podiatry Workshop

Fri 17 – Sat 18 April

Hanseklīnik für Pferde, Hamburg, Germany

Fri 6 – Sat 7 November

Veterinární Klinika Heřmanův Městec, Pardubice, Czech Republic

Refine your approach to one of the most common – and debated – challenges in equine practice. Strengthen your clinical reasoning and practical skills in podiatry through this immersive blended online and 2-day workshop.

You'll Gain:

- Tools for evidence-based decision-making
- Practical skills in corrective shoeing, foot casting, crack repair & specific distal limb blocks
- A deeper understanding of foot biomechanics
- Confidence managing complex podiatry cases alongside farriers

Michael Schramme DVM, CertEO, PhD, Dipl.ECVS, Dipl.ACVS, Dipl.ECVSMR, Assoc. LA-ECVDI – VetAgro Sup, France

Simon Moore FWCF – Equine Foot Care Ltd, UK

Online Learning Center

Live-Streams & On-Demand

RACE-
Approved

High-end, live and interactive online continuing education suitable for vets & nurses of all levels worldwide, but specifically aimed at experienced equine veterinarians!

Equine Panel Discussions

LIVE Every Other Tuesday (2 hours)

- **4 Global Experts** – Insights from around the world
- **Interactive Debates** – real discussion of topics, including different perspectives
- **Honest Conversations** – exploring uncertainties, challenges and lessons learned, not just successes
- **Advanced Learning** – uniquely tailored for the development needs of experienced veterinarians, but relevant to all experience levels
- **Accessible & Comprehensive** – engaging, live & on-demand content with 250+ topics available!

Individual Webinars (20 min – 2 hrs)

- **World-renowned Specialists**
- **In-depth CE** on focussed topics
- For **Vets & Nurses**
- Bite-sized & Covering **all Disciplines & Species**

In-Depth Lecture Series (2 – 35 hrs)

- **Acquire Advanced Practitioner Expertise** – further your knowledge & skills in a specific field of your choice!
- **World's leading Experts**
- **Interactive modules** with 80+ series covering topics **from A-Z**

"VetPD is certainly setting the standard in Equine Online CE and I am honoured and really looking forward to taking part in one of your Panel Discussions!"

- Timo Prange, Clinical Associate Professor, Dr.Med.Vet., MS, Dipl.ACVS (LA); Raleigh, NC USA

“ WORKSHOP FEEDBACK ”

Beyond Basics: Modern Diagnostic & Therapeutic Techniques in Equine Dentistry. Germany.

“An excellent course for anyone who is interested in equine dentistry. The lectures were very detailed & interesting and the practical workshops very complimentary.”

Dr. Ines Lebre, Germany

Ultrasound-Guided Orthopaedic Inj. Techniques & Therapies. Finland.

“The course was very well organised with good topics and very good practicals.”

Dr. Essi Lautala, Finland

Abdominal, Thoracic & Soft Tissue Ultrasound. Germany.

“Very informative, good amount of practical sessions, small groups allowed good access to US machines.”

Dr. Harriett Bartram-Baird, Ballinger Equine, UK

Back, Sacroiliac & Pelvic Problems. UK.

“A really useful overview of everything to consider with back and pelvis cases, and very relevant practical sessions.”

Dr. Jo Brant, Hampden Partners Limited, UK

Neonatology in 1st Opinion Practice. Germany.

“Very well organised, amazing speakers, really informative.”

Dr. Maria Weinert, Germany

Hindlimb Lameness Diagnostics (incl. objective gait analysis) & Therapies. Sweden.

“High quality presentations from highly qualified speakers, and lots of practically applicable information.”

Dr. Fredrik Backlund, Sweden

ALL-INCLUSIVE EQUINE SAFARI EVENT

6 Days of Lectures, Practical Sessions & Amazing Wildlife

RACE Approved

DINOKENG GAME RESERVE NEAR JOHANNESBURG, SOUTH AFRICA

15th - 21st November, 2026

25 hrs Safari, 30 hrs of lectures/case discussions & 30 hrs of workshops on live horses/specimens
